

Rotary Club of Wellington

Citation for the Award of a Sapphire Pin to Paul Harris Fellow Mark Stephens

This Rotarian joined the Rotary Club of Wellington in November 1998 and immediately made an impression with his boundless energy, enthusiasm and friendly goodwill.

He was admitted to the Paul Harris Fellowship in 2005 in recognition of his contributions to many projects which advance the causes which Rotary holds dear and pursues.

Since then his efforts have not reduced and his cheerfulness has not waned.

He continues to make his marked professional skills and the resources of his company available to the Club and its projects. He continues to take a leading role in organising, managing and carrying out many projects.

As the father of a young family and the managing director of a busy firm he has many calls on his time, and it is much to his credit that he always finds time to serve the cause of Rotary.

He displays the true spirit of the Rotary movement, when asked if he would be able to carry out some task his likely response is "Yes, now, what is it?"

With his wife Nicky, Mark Stephens takes a full part in the fellowship of Rotary and fully deserves to have his continuing efforts rewarded by one of the higher Awards and I have great pleasure in inviting Mark Stephens to come forward and be invested with the Sapphire Pin of the Paul Harris Fellowship.

A handwritten signature in blue ink, appearing to read "S. Brown".
